Could there be a day meeting also?

I attend all that I can. Only missed 1 meeting due to travel.

I don't like driving at night.

I only attend meetings when there is a salon with a trained judge because that is why I joined the club

If I lived closer.

No. I attend as long as no family conflicts. Had two last year.

Open Feedback

I appreciate the welcoming atmosphere.

It would be nice to have more members my age. I am usually the youngest by quite a bit.

Keep up the great work, although I am new, I have enjoyed the gatherings thus far!

Meetings seem too long; too much time on business.

Not a criticism, but I think we need to learn to judge.

Thanks to the board and particularly Dack for investing time to make this a worthwhile club.

you eliminated technique education removing one of the primary reasons for joining;

you like endless pretty pictures;

judging is too nice -little learning from a keen eye -little things can make a big difference. I am a better judge because I really judge:

tell judges to say 3 nice things about an image and 5 ways to improve it.

You almost went to a good point when you asked members to judge from the bleacher seats.

Only do individuals not the audience.

Ask the person to come up to the 'stage' and say a few things to improve the image. But not when there is an invited judge. Great for image critiques not in a salon.

Be a great idea to talk about club changes BEFORE making them. Not like last or this year. :(
